That has been my experience during the 17 years of my life. In my paradise home, Swat, I always loved learning and discovering new things. I remember when my friends and I would decorate our hands with henna on special occasions. And instead of drawing flowers and patterns we would paint our hands with mathematical formulas and equations.

There are two four-month teaching periods in each academic year: 1 October to 31 January and 15 March to 15 July. There are two intakes per year, beginning in September and February, when we also run two-week induction periods for new students. You'll have the option of following the programme either as fast stream or standard stream.
